

## Perth Memorials Chapel Range

### Overview:

Our chapel range is extensive - chapels will always look beautiful and are effectively 'timeless' - they will stand the test of time.

As chapels all use around the same amount of granite (which is the biggest cost with a memorial), the pricing across the range is very similar - the only real difference is the granite colour choice.

Installed in one of Perth's metropolitan cemeteries, a typical chapel (as shown in the sketches on the page) will usually have an all-inclusive price of around \$4900 - \$5500 (inc. GST), depending on the final stone choice. This price is all-inclusive (it includes inscription, installation, cemetery fees) - there is nothing more to pay.

Please contact us on 1800 027 377 for an exact price based on your requirements.
